Higher Education in the Time of Covid-19: Challenges and Opportunities of Online Learning

As **Coronavirus spread around the globe in early 2020**, universities retreated behind the screens. **Higher education literally moved online**, providing an opportunity for some to discover the joys of technology, a gruelling and impersonal experience for others, and for most of us something in between. This event brings lecturers and students from around the world to share the challenges they have faced in adapting to a new teaching environment.

The conference will take place online on the 26th of June at 2:00 pm BST.
